

# Where to Start

1. Open the enclosed map: see just how much work we are getting done: 28 windows!
2. Think about, or even go and visit your favorite window.
3. Visit the Annunciation Window (nearest the pulpit) to see the extent of the damage.
4. The total price is about  $\$115,000 \div 28 \text{ windows} = \text{about } \$4,000/\text{window}$ .
5. Think about whether you can “sponsor” a window, and if not, talk to a group of friends about why you think this project is important and ask them to join you!
6. Turn in your pledge card by August 18, with plans to pay your pledge as soon as possible.
7. Rest easy knowing you have helped preserve these windows for generations to come!
